ABOUT ICCR
The Fifth International Conference on Cognition and Recognition-ICCR 2021 aims to attract current and/or decent research on Image processing, Pattern recognition, Machine Learning and Computer Vision. The ICCR will take place at the Maharaja Institute of Technology, Mysore, Karnataka, India in December 30-31, 2021. First International Conference on Cognition and Recognition conference is organized by PES Mandya in the year 2008. Further, Second ICCR conference is conducted by University of Mysore in the year 2011. Third ICCR conference is conducted by Maharaja Institute of Technology Mysore in the year 2016 and Proceedings are Published in Springer book series LNNs.

The Conference aims to bring together leading academic Scientists, Researchers and Research scholars to exchange and share their experiences and research results on all aspects of Computer Image, Processing Machine Learning and Deep Learning Technologies. It also provides a premier interdisciplinary platforms for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Image processing, Pattern recognition, Machine Learning and Computer Vision.

The Conference Chairs and Program Committee invite all researchers working on image processing, pattern recognition and computer vision to submit original research papers. Accepted papers will be categorized into regular and short paper presentations at the conference. At this event, conference also have invited talks by leading scientists.
