

Call for Papers ICRAI 2019

3rd International Conference on Robotics and Automation in Industry

21-22 October 2019

National Centre of Robotics and Automation

NUST College of Electrical and Mechanical Engineering, Rawalpindi, Pakistan

The 3rd International Conference on Robotics and Automation in Industry will be conducted by National Centre of Robotics & Automation, Department of Mechatronics Engineering, NUST College of E&ME. This conference is one of the leading international forums in Pakistan for researchers in Robotics and Automation to present their work. The ICRAI 2019 will be held at CEME, NUST Rawalpindi Campus.

Contributed Papers

Prospective authors should submit PDF versions of their papers. Six pages in standard IEEE format are allowed for each paper, including figures. A maximum of two additional pages is permitted. Papers will be presented in an interactive oral and poster session, details are available on conference website.

Papers presented in the technical program will be published in the conference proceedings and IEEE Xplore.

Technical Program

The conference will include plenary sessions, contributed research paper oral and poster sessions, workshops, an industrial seminar, and startups exhibits.

Workshops, Seminars, and Exhibits

Industry and startups are encouraged to participate in the event for demonstration, exhibition, networking and industry-academia liaison. Information for prospective exhibitors and start-ups will be available on the website.

Contacts

Please contact if you have any question

Program Chair: Dr. Hamid Jabbar

Phone: +92-303-5354443

Conference Topics

- Mechatronics and Robotics
- Haptic Devices for Robotics
- Biomimetic
- Tele and Medical Robotics
- Underwater Robotics
- Agriculture Robotics
- Swarm Robotics
- Neuro and Fuzzy Control
- Natural Language Processing
- Design, Simulation and Development for Robotics Systems
- Aerial and Ground Robotics
- Prosthetics and Exoskeleton Systems
- Micro and Nano Robotics
- Mems & Nems
- Robotics/Machine Vision
- Machine Learning for Robotics
- Human Machine Interface
- Factory and Industry Automation for Industry 4.0
- IoT for Industrial Automation
- Smart Factory and Smart vehicles
- Machines Health and Condition Monitoring
- 3D Printing and Rapid Proto-typing Techniques

Deadlines

Manuscript Submission Ends (Extended): **15th August, 2019**

Acceptance Notification: **30th August, 2019**

Early Registration Starts: **31st August, 2019**

Camera Ready Submission Starts: **01st September, 2019**

Camera Ready Submission Ends: **15th September, 2019**

Early Registration Ends: **16th September, 2019**
