Kamaraj College

Kamaraj College was established in 1966 in Tuticorin by the Tuticorin Education Society. Thiru A.M.M.S. Ganesan Nadar was the founder and patron. At present, Thiru. A.M.M.S.G. Kathiresan is the patron of our College. The College was initially affiliated to Madurai Kamaraj University till 1990. From September 1990, the College has been affiliated to Manonmaniam Sundaranar University, Tirunelveli. The College has been named after Bharat Ratna Shri. K. Kamaraj as a tribute to the invaluable service rendered by him to our nation, particularly to the cause of education.

Research Department of Computer Science

The Computer Science Department of our College was started during the academic year 1987-1988 with the Government aided undergraduate course B.Sc. Computer Science. During the academic year 1993-1994 the PG programme of the department MCA with the approval of All India Council for Technical Education was started. The B.Sc. Computer Science under self financing scheme was started from the academic year 1995 -1996 and BCA was started from the academic year 2014-2015. The Department of Computer Science has been promoted as Research Department of Computer Science in 2017.

Excellence in teaching, learning and research towards the creation of eminent and responsible citizens who would transform the resources for the utmost development of the society is our vision.

The Conference

The Conference focuses on Soft Computing and Optimising Techniques. Soft Computing deals with imprecision, uncertainty, partial truth and approximation to achieve compatibility, robustness and low solution cost. As such it forms the basis of a considerable amount of machine learning techniques. Operations Research seeks the determination of the best (optimum) course of action of a decision problem under the restriction of limited resources.

Call for papers

Authors are invited to submit their papers that present original and unpublished research in the following areas.

- Artificial Neural Networks
- Fuzzy Logic
- Computational Algorithms
- Machine Learning
- Probabilistic Reasoning
- Data mining Techniques
- Data Warehousing
- Big Data Analytics

- Deep Learning
- Digital Image Processing
- Mathematical Programming
- Probabilistic Model
- Classical and Non Linear Optimization models
- Any other topics relevant to Soft Computing and Optimising Techniques.

Publications

All accepted papers will be published in the conference proceedings & BJIT-International Journal of Information Technology, published by Springer Nature / Scopus indexed Journal.

Guidelines to Authors

Researchers should submit their papers in the following format : 6 to 8 pages of length (including illustrations) typed in single column with single line spacing and 12 point Times New Roman Font on A4 Size. The first page should include the paper title, researcher names, affiliation, postal address, phone number, email, a brief abstract, a set of keywords and text. Templates to prepare papers are available at http://bvicam.ac.in/bjit/downloads/Template_for_full_paper_BJIT.pdf. Papers may be prepared in LaTeX or Microsoft Word and sent through email or online link <http://easychair.org/conferences/?conf=icso19>.

Authors of accepted papers must guarantee that their papers will be presented at the conference. Best three papers will be awarded with cash prize.

Resource Persons

Dr.K.Balasubramanian

Professor, European University of Lefke
North Cyprus

Topic :
Current Trends in 3D Imaging Techniques

Dr.T.G.Deepak

Professor, Indian Institute of Space Science
and Technology, Kerala, India

Topic : Dynamic Programming :
An important Optimization
Technique in Operations Research

Dr.H.Khanna Nehemiah

Professor, Anna University
Chennai, India

Topic : Deep Learning on Big Data

Advisory Committee
