
Objective

The aim of the Modern Machine Learning Technologies workshop is to provide a forum for researchers to discuss models for machine learning, multicriteria decision analysis and multiobjective optimization, and their real-life applications. In MoMLeT 2019, we encourage the submission of papers on machine learning, decision making, multiobjective optimization and multicriteria decision analysis areas. Novel applications of these methods to real world problems are welcome.

Research topics (not limited to)

- Regression analysis
- Deep learning
- Gradient Boosted Trees
- Support Vector Machines
- Bayesian networks
- Unsupervised learning for clustering
- MCDM Theory
- Multiobjective Optimization
- Group Decision Making
- Multiattribute Utility or Value Theory
- Behavioral Issues in Decision Making
- Preference Modelling
- Applications of MCDM and Optimization

Workshop Chair

Michael Emmerich

Leiden Institute of Advanced Computer Science
Leiden University - The Netherlands

Organization Chair

Vasyl Lytvyn

Institute of Computer Science and Information Technologies
Lviv Polytechnic National University - Ukraine

Modern Machine Learning Technologies Workshop MoMLeT'2019

7th International Conference on Mathematics,
Information Technologies, Education

(ICMITE 2019)

4-th of June, 2019

Volyn - Ukraine

MoMLeT Workshop ICMITE 2019 Ukraine June 2019

MoMLeT 2019

International Workshop on Modern Machine Learning Technologies. To be held in ICMITE 2019 – International Conference on Mathematics, Information Technologies, Education, Ukraine, 7-8 June 2019.

Publishing

Accepted full and short papers will be published in the conference proceedings (with ISSN). Poster and practitioner papers will be published in the conference book of abstracts, industry and poster papers (with ISBN). Authors of selected papers will be invited to enhance their manuscripts for inclusion in a book of chapters or in a journal. Papers, presented at the workshop shall be submitted to CEUR-WS.org for on-line publication.

Submission

We welcome full research papers, short papers, posters and practitioner papers. Manuscripts must be written in English and should not exceed the maximum number of 10 pages.

Manuscript should be submitted electronically at the ICMITE website (<http://momlet.in.ua>) by May 13, 2019, to be reviewed on a double-blind review basis. Authors will be notified of the review process results by May 17, 2019 and should submit the camera ready version in May 31, 2019.

The area of the lake is 27.5 km², the largest depth is 58.4 m, the water's transparency reaches 8 m. The upper layers of water in the summer warm up to 20°C or more, at a depth of water the temperature is constant and is 9°C. On the lake there is an island with an area of up to 7 hectares. Through the canals, Svityaz connects with Lake Luka and other lakes.

The conference will take place in the Shatsk district of the Volyn region near Lake Svityaz.

- Paper submission May 13, 2019
- Authors notification May 17, 2019
- Camera-ready submission May 31, 2019
- Conference: 4-th of June, 2019
