

SECOND INTERNATIONAL SYMPOSIUM ON SUSTAINABLE DEVELOPMENT RESEARCH IN THE ASIA-PACIFIC

19th - 21st December, 2019

Since 1957, Madhav Institute of Technology & Science (M.I.T.S.), Gwalior, India has spearheaded in education focusing on STEM by establishing 11 departments for under graduate and graduate courses. M.I.T.S. Gwalior will host the **"Symposium on Sustainable Development Research in Asia-Pacific: A focus on India"**, in partnership with the One Planet's* Sustainable Buildings and Construction Programme and the Sustainable Public Procurement Programme.

This Symposium at M.I.T.S, Gwalior, India is a follow-up of the inaugural Symposium held at RMIT University, Melbourne Australia in 2017 supported by the United Nations One Planet* SBC programme and the Inter-University Sustainable Development Research Programme (IUSDRP). The output of this inaugural Symposium resulted in a book under the World Sustainability Series by Springer Nature. The Symposium has been designed to foster and facilitate the exchange of information, ideas and experience acquired in the execution of projects with sustainability outcomes.

While the focus is on India; experiences, case studies and practices from India and other parts of the world relating to sustainability education, cities, buildings and circularity in the built environment are welcome. Selected papers will be published in a monograph on sustainability published by Springer Nature and also a special edition issue of *the Journal of Sustainability Research*.
