

# 18<sup>th</sup> Cologne-Twente Workshop on Graph and Combinatorial Optimization

**June 15-17, 2020**

Hotel Re Ferdinando  
Ischia – Italy

## CALL FOR PAPERS

CTW 2020 welcomes contributions on theory and applications of discrete algorithms, graphs, combinatorial structures and Operations Research in the wide sense. Following a well established tradition, the workshop aims at disseminating scientific results, especially by young researchers, in a friendly and interactive atmosphere.

### **PAPER SUBMISSION**

There will be two types of submissions:

**Standard papers** (from 8 to 12 pages) that will be selected for publication in a volume of the *AIRO Springer* series.

**Traditional CTW Extended abstracts** (up to 4 pages) that will be published on the workshop webpage (subject to author's approval).

Papers must be prepared according to the template available on

<http://ctw2020.iasi.cnr.it>

and submitted through EasyChair.

Standard papers not accepted will be allowed for submission as extended abstracts. In addition, there will be a special issue of Discrete Applied Mathematics as a post-conference outlet.

### **IMPORTANT DATES**
