X Southern Programmable Logic Conference (SPL2019)
Buenos Aires - Argentina, April 10th-12th, 2019

SPL is the austral meeting point for researchers and developers interested on programmable logic technology and its applications. This **10th SPL** continues the tradition of the **previous editions** and will be hosted at Buenos Aires, Argentina. The conference will take place at **Centro Cultural Borges**. The conceptual project was undertaken in accordance with the commitment of Galerías Pacífico to assign a significant part of its total area to cultural activities, a commitment that boasts over 20 years of rich history.

Authors are invited to submit original and unpublished contributions as 6-page full papers, which must be written in English. Accepted papers will be submitted for inclusion to **IEEE Xplore digital library**, which provides excellent visibility and accessibility to its contents.

Also a Designer Forum is available, to give exposure to ongoing works, academic experiences and industrial designs, and get feedback from experienced researchers and industrial partners. Authors are invited to submit 4-page short papers, which can be written in English, Spanish or Portuguese. Accepted contributions will be included in a separate proceedings volume.

SPL covers a broad spectrum of topics related to programmable logic including, but not limited to:

. Architectures and Technologies
. Design Methodologies and Tools
. Applications and Benchmarks
. High-Level Abstraction

. High performance, Acceleration
. Reconfigurable Computing
. Hardware/software co-design
. Survey, Trends, Education

Important Dates:
SPL Full Papers and Designer Forum Submission: **Deadline: October, 12th - 2018**
Notification of acceptance date: **December, 7th – 2018**

Paper Submission: EasyChair | E-mail: spl2019@easychair.org
